

COVID-19 Vaccine is Here!

Together we can stop the spread! Get your shots when it's your turn. Keep wearing a mask.

- Our nation's best medical experts tell us that the **vaccine is safe and works very well.**
- Those most at risk are first in line to get the vaccine.
- Soon the vaccine will be available for more people.
- **You can get the vaccine for free.**

Keep you and your family safe.

What you do will help save lives.

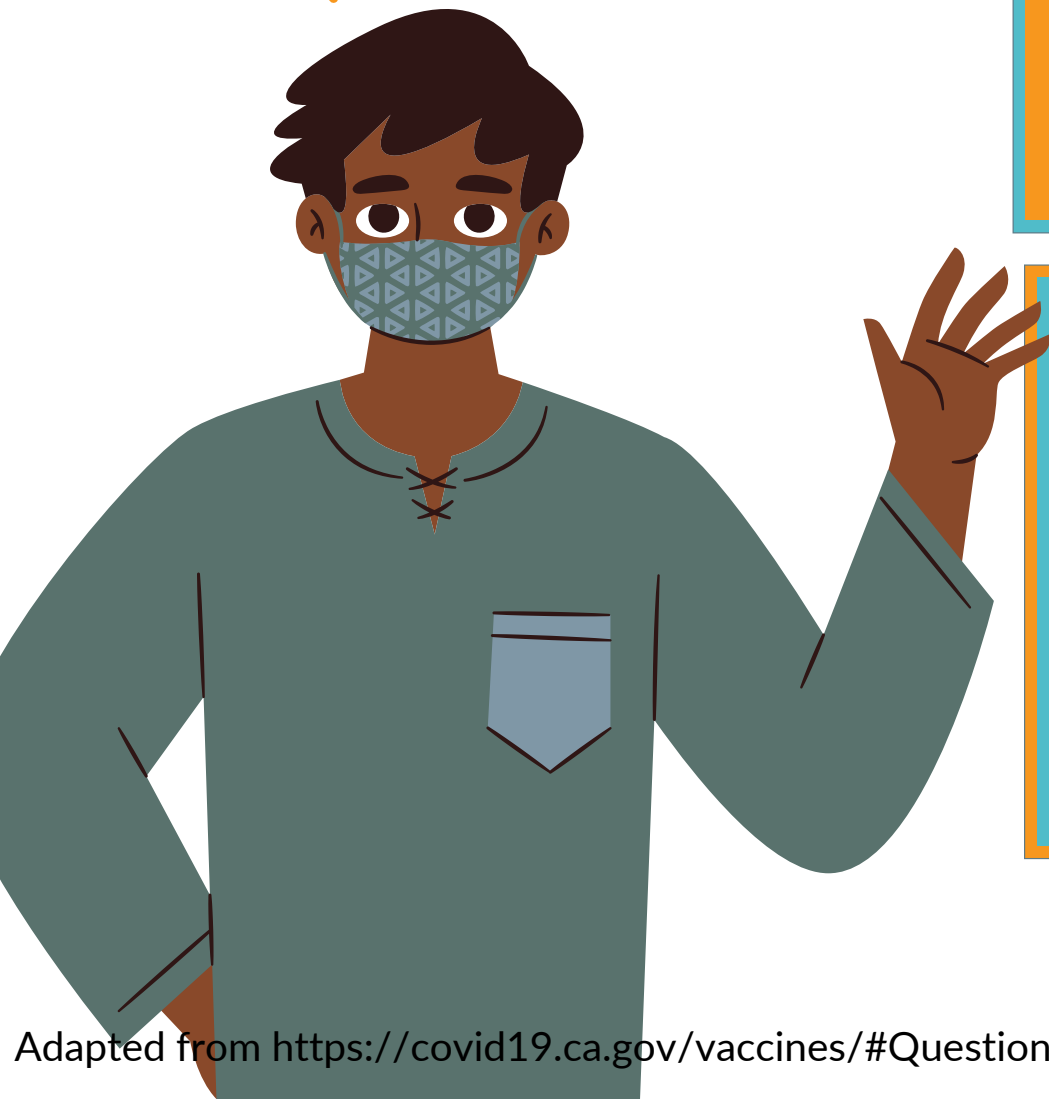

- Wear a mask.
- Wash your hands.
- Keep your distance.
- Stay at home.

COVID-19 Vaccine is Here!

I'm young and healthy. Do I need to get vaccinated for COVID-19?

YES!

Even healthy people can spread COVID-19 to others. And anyone can get sick from it.

COVID-19 could:

- Make you lose days at work.
- Send you to the hospital.
- Get your loved ones sick.

Remember, what you do can help save lives.

- Wear a mask.
- Wash your hands.
- Keep your distance.
- Stay at home.

COVID-19 Vaccine is Here!

**How does the
COVID-19 Vaccine
work?**

- The shots help protect us from getting sick from COVID-19.
- After your second shot it takes a few weeks to be fully protected.
- You may feel some symptoms. This means the shots are working.

COVID-19 Vaccine is Here!

**Can the COVID-19
vaccine give me
COVID-19?**

NO!

None of the vaccines
now in use contain the
live virus that causes
COVID-19.

COVID-19 Vaccine is Here!

Is the COVID-19 vaccine safe for children?

Right now, the shots are not given to children.

- The Pfizer vaccine is for ages 16 and above.
- The Moderna vaccine is for ages 18 and above.

We are still testing to find which vaccines are safe for children.

Remember, what you do can help save lives.

- Wear a mask.
- Wash your hands.
- Keep your distance.
- Stay at home.

COVID-19 Vaccine is Here!

If I already had
COVID-19, should
I still get the
vaccine?

YES!

- You could get sick again from COVID-19. The shots will help protect you.

Remember, what you do can help save lives.

- Wear a mask.
- Wash your hands.
- Keep your distance.
- Stay at home.

COVID-19 Vaccine is Here!

It's important to protect yourself, your family and the community.

When you get the shots:

- It will help keep you from getting sick with COVID-19.
- It's a safe way to be protected.
- It can help stop the pandemic.

- Stay away from large crowds.
- Wear a mask when you go out in public.
- Stay 6 feet away from people you don't live with.
- Wash your hands.

COVID-19 Vaccine is Here!

It's important to protect yourself, your family and the community.

**It's not my turn yet to get the shots.
When can I expect to get them?**

- It depends on how fast the vaccines can be made and sent out.
- We hope most people will get their shots this spring.

You can get your shots at:

- Community vaccination sites
- Doctor's offices
- Clinics
- Pharmacies

Remember, what you do can help save lives.

Wear a mask. Wash your hands. Keep your distance. Stay at home.
